The nearest drop off point is in the public pay and display car park on Lusty Glaze Road. From the parking to the main entrance, there are 133 steps. There is no ramp and no lift.

Our famous 133 steps are the **ONLY** public access to the beach. A handrail runs the length of the steps and there are rest stops every 10 or so steps. Due to the nature of the steps being carved out of the cliff face, some of the steps have an uneven surface and are not of a uniform size. The handrail is of an uneven height.
