LUSTY GLAZE WEDDING TIPS

Trust your gut!

The day is about you and your partner, and you should have the wedding you want.

1

Delegate delegate delegate

Identify the people that will just get stuff done early on and reduce your own job lists.

2

3

Hire happy people

Your suppliers will be a big part of your day, make sure they fit your vibe!

4

Let go and enjoy your day

Have faith in the Lusty team, we'll handle everything from set up to take down and everything in between.

Steal solo moments together

Throughout the day to check in with your partner and cherish the day. We recommend running away to one of the Lusty caves.

5

Ditch the high heels

Remind your guests to bring alternative footwear. You'll end up in bare feet or flip-flops either way! [Link to our accessibility guide.](#)

6

Our favourite ways to add some Fun to your wedding day!

Ideas inspired from past Lusty Couples

- Morning ocean dip with your best mates
- Hide your ring box underneath a seat before the ceremony and call out to the crowd to have a random guest bring it up and be involved in the ceremony

- Get everyone involved in the Beach Games, have your MC call everyone outside to get out on the beach for some rounders, corn hole or tug-of-war!
- Photo guest book with Polaroids
- POV app - allows your guests to take photos throughout the day. See all the behind the scenes from your guests

- For each table, ask your guests to write you a message for your wedding anniversaries
- Quiz for each table to fill out during wedding breakfast & give prizes during speeches
